

Tool Storage Repair or Replacement Parts

For repair of defective parts (locking system, drawer slide, etc.) or need replacement parts (keys, lock, casters), please follow these steps below.

1 Locate the Model Number of your Craftsman unit.

- Open the top right drawer of the tool chest or rolling tool cabinet
- Find the white identification label. Model number starts with 706.

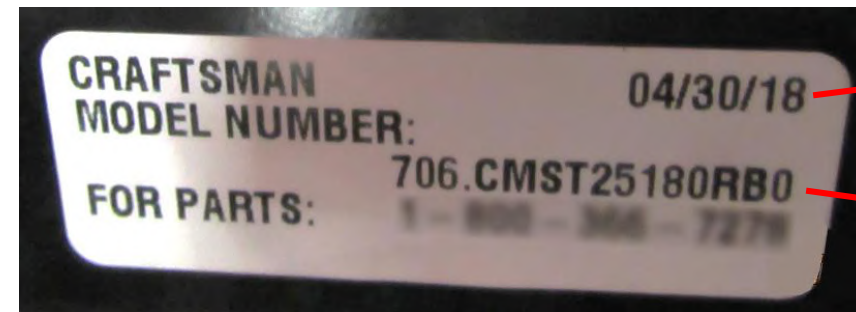

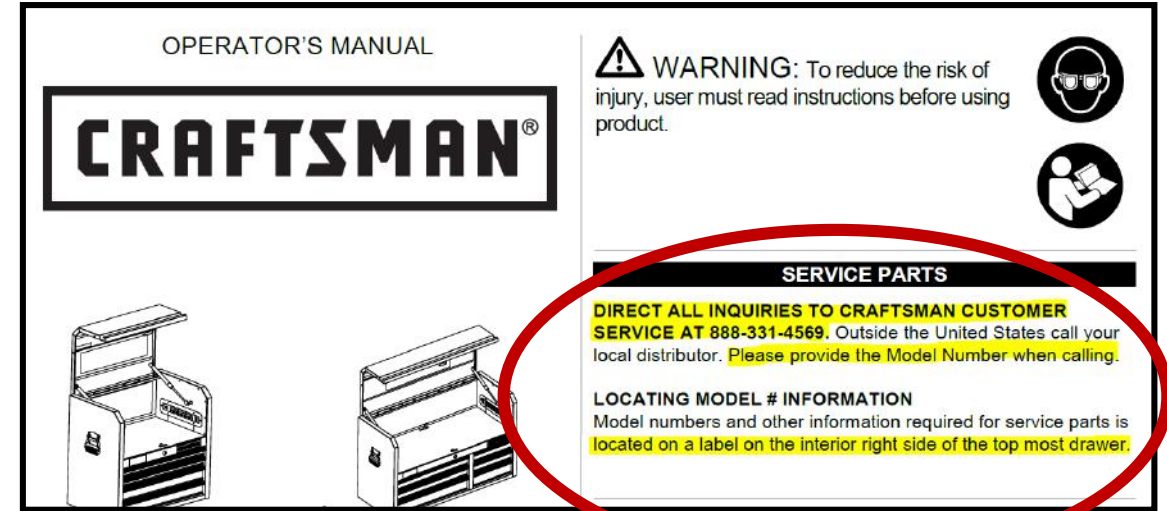

2 Find the Operator's Manual in a drawer of your Craftsman unit.

- Locate the Craftsman Customer Service phone # under Service Parts.

1-888-331-4569

3 If you are an End User with a Craftsman product question or issue:

- Press 2 for "End User"
- Press 1 "If you purchased your Craftsman product at Lowe's"
- You will be connected to a Craftsman Customer Service Agent
- Give model number found in step 1 to the Craftsman Customer Service Agent when asked.
